BACKGROUND: Karen Rice King has a double degree in World Religion and Counseling Psychology, and has taught Shamanism for over 30 years. She was initiated by Serge King in Kahuna healing at the Theosophical Society in the early 1970s; and later went on a Vision Quest with Sun Bear. She has studied and worked with Sandra Ingerman, a Shamanic teacher and author, since the 1990s. Sandra was the Education Director with the Foundation of Shamanic Studies, founded by Michael Harner, who introduced shamanism to the US in the 1960s.

TESTIMONIAL: *The journeying session with Karen was one of the most powerful events in my life. She opened my mind to new strengths, visualizations, and mediations that have helped enhance my awareness. I have a wonderful life with family, friends and career, which is in Western medicine and biology, and I have helped discover some of the biochemical effects of light on healing. Karen is helping me explore deeper into this world, and I hope Karen and I can assist each other in discovering new boundaries and merge some of our knowledge and teachings.* - Vivian K. Dullien, Ph.D., Boulder, Colorado
