PENDULUM DOWSING & EARTH ACUPUNCTURE

2-Day Training Featuring Karen Rice King, Master Dowser Sponsored by Mariah Corn Woman

Local Hosts: Brooke Medicine Eagle and Gayle Crabbs

Near Tonasket, Washington, September 21-22, 2013 (10:00 a.m. – 5:00 p.m. each day)

TRAINING: *During the weekend you will learn how to “assess” the land in order to make corrective changes to the energy fields. The 3 major grids of negative stress include:*

1. Geopathic grid of earth energies such as imbalanced mineral content in soil, underground running water, rock strata, heavy metals in water supply, and radon.
2. Hartmann grid from all the man-made energies of electrical surges, radar, sonar, microwaves, and cell phone towers.
3. Personal grids and interferences unique to the owners of each property.

Throughout the training, you will gain hands-on experience of diagnostics, flagging the 3 grids, and installing the copper rods to correct along negative lines. Once a safe zone of tensor energy has been created, you will retest the property and discover for yourself that the building and the land are indeed “stress free.”

TRAINING INCLUDES:

- Working with Pendulum for yourself and your community
- Working with a Compass
- Dowsing with L-Rods and installing them along meridians
- Using Slim Spurling's *Life Light* Tools.

BRING: Notebook, pen, outdoor gear in case of rain, special snacks and drinks.

COST: \$320 per person.

COST INCLUDES: Pendulum with chart; set of dowsing L-rods; compass & ruler; training manual & dowsing bibliography; Karen's article on History of Dowsing; and bundle of L-rods to “cure” your home, office or land (valued at \$150).
